NOTICE TO THE TEACHERS

All absences, "drop" and "add" notices and eligibility reports will appear in the Faculty Bulletin. Teachers will make their own record accordingly. Where absences need special attention immediate follow-up and personal reports will be worked out.

The Registrar desires to express sincere appreciation to department heads and counselors for their hearty cooperation through the period of registration. Plans were carried out in harmony with Cabinet action last spring. If any members of the faculty have suggestions for change in the system now is the time to turn in words of wisdom while the activities of registration are fresh in your minds. These suggestions will receive full consideration in planning for next fall.

S. W. Hutton, Registrar.

Dr. Ascher's telephone number has been changed to 4-7345---please note on your list.

If any name on the faculty is incorrect in any respect, or if any name has been omitted kindly notify the secretary and correction will be made promptly.

R. A. Smith
