FORT WORTH, TEXAS

December 12, 1947.

Mr. Amon G. Carter,
Fort Worth Club,
Fort Worth, Texas.

Dear Mr. Carter:

I have received a letter from some French friends in Paris expressing their appreciation of the generosity of Americans, particularly Texans, in despatching carloads of food on the Friendship Train.

Following is an excerpt from their letter:

..... It was announced this morning by radio that "le Train d'Amitie" will be distributed towards Christmas. That will be a great blessing, and we want you to express our thanks to the people of Fort Worth, and particularly to Monsieur Amon Carter if you have occasion to see him..... All around us we are letting it be known that it is the people of Texas to whom we are to be thankful for these fifteen cars. Again many thanks to you and your friends.....

I thought you would like to know that these people realize what is being done, who is doing it, and that they deeply appreciate it.

Very truly yours,
