Dear Amon:

Am happy to enclose a letter from Colonel Deeds of Dayton and a copy of the N.C.R. Factory News, which portrays and describes the Carillon which he gave to the people of Dayton. Am sure you and young Amon will be very happy and proud of your gift of the Culver Carter Carillon and, as time passes, I predict that the gift will be a source of increasing satisfaction to both of you great philanthropists.

Don't forget to include this item in your 1946 tax deductions, inasmuch as it was made during the calendar year 1946. I wanted you to benefit from this and therefore took the liberty of wiring you of it before the year closed.

Fondly,

R. H. Fleet
