Mrs. Katrine Deakins
Star-Telegram
Fort Worth, Texas

Dear Katrine,

Here at last is the preference list for luncheon invitations. There are no doubt duplicate names when checked against your list. We have not received answers from the Luptons or Robinsons and the later is doubtful (she is going to have a baby and may not be able to travel).

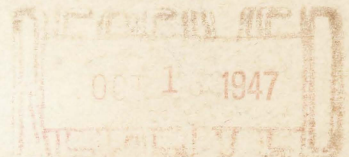

The enclosed check, is the cancelled check I sent Mr. Quattrocchi covering the first payment on the duplicate casting of the Rogers. I'm sending it along in case Mr. Carter wants to see it and would appreciate having it back. Also please find out just where and what he wishes to have inscribed in the statue. In the present model, on the rider's left side, worked in the base is: Presented to the City of Fort Worth by Amon G. Carter. This of course must be changed. As the bronze casting is getting under way any delay will hold up the entire model and the casting can't get started until the inscription is changed.

Just this minute talked to Mrs. Adams, she is the nicest lady I met in many a day. Isn't it funny how some people just are so grand and you like them right off. She says you are in a horrible mess trying to get the house done before Mr. C. gets home, and I must say that I don't envy you one bit. I will not get to Fort Worth until the second unless there is any special reason, if there is anything that calls for me there is no reason why I can't come down before that.

Sincerely,

Louise Raymond

Enc. 2

Preference list for luncheon invitations
