Dear friend Amon:

It is with a great deal of regret that I write this note to inform you that I will not be able to be with you at the unveiling of the Will Rogers Equestrian Monument, "Into the Sunset", on November 4.

Several weeks ago I made a commitment for November 4 and at the present time I see no way of getting out of it; however, if it can be worked and I can get out of it I will call you and will be with you and the others on that date.

Thanking you for remembering me on this occasion, I am

Sincerely your friend,

*Olin Culberson*
