Dear Amon,

I appreciate very much your kind invitation to the unveiling of the Will Rogers Monument and its dedication by General Eisenhower, all of which is preceded by one of your famous luncheons at Shady Oak Farm. There is nothing I would rather do than visit you and our friends in Fort Worth, however I regret that prior engagements interfere and it looks like I will have to miss your party.

It has been quite a long while since I have seen you and I hope we will get together somewhere soon. Perhaps in New York this winter or maybe in Texas.

Elizabeth and Ted will be here next week. Everyone out here is fine and your name is often mentioned.

Thanking you for your kind invitation and with best wishes to you and our friends there, I am,

Sincerely yours,

G. M. Standifer
