Mr Amos Carter

Dear Sir

I am sure you can't be there
to see Texas just Will Rogers Race back. You
know we were all raised in a community of
old stew men who thought if a man or a horse
or a cow didn't come from Texas they just
materially couldn't amount to much. I just don't
stare the horse too much. Since the advent of
Buckskin Joe and Poppy's Pepper, its getting so
the horse has more pedigree than the cow buy

Thanks again to you for not learning a
good cow buy fact

Sincerely yours

Thos M Spaden.
