Dear Mr. Carter:

As one citizen of Fort Worth, I wish to express my deep appreciation for what you have done in providing the statue and portrait of Will Rogers in our city. In doing this, you have brought inspiration, uplift of heart, and renewal of courage to many thousands of our people who are facing the future with uncertainty and even fear. This was evident on the faces of the thousands who gathered to witness the unveiling and on the faces of the visitors who daily, since then, have been making pilgrimage to look into the likeness of the face of that great American soul. I think this is the most wonderful thing of all the many things you have done for our city.

Thank you much.

Sincerely yours,

L. R. Elliott
