NOTE: In last week's Faculty Bulletin the name of Helen Moddy was omitted by mistake from the list of band members making the trip to California. Please check on this.

We will see you again Jan. 6th at 8:00 A.M. ready for the "home-stretch" of the first semester which will close Jan. 29th. The second semester will begin Thursday, January 30th.

The Faculty Bulletin editorial staff "signs off" until next year.
