

## SPECIAL NOTICE TO STUDENT COUNSELORS AND DEPARTMENT HEADS

Delivery on the 1937-38 Catalog has been definitely promised for the week of April 26 to May 1. We will therefore be in position to register students for next fall beginning about May 3. Galley proof has been returned.

By concentrating our efforts within a period of ten days, we should be able to make a worthy showing in personal guidance of all students now enrolled.

The Nation-Wide Sophomore Test is scheduled for May 3, 4. This will fully occupy the Sophomores for these two days, but aside from this time need not prevent their full cooperation in registration.

In view of these conditions and to get registration items out of the way before the final rush of commencement preparation and final examinations May 3-13 has been set as pre-registration time. You will hear further about this later when detailed suggestions will be given.

Please reserve the time, May 3-13 for this all-important piece of work.

## AN URGENT REQUEST

If any faculty member has extra copies of the current catalog on hand kindly return them to the Registrar's office. We will need them during the next two weeks before the new one comes from the press. Thanks!

## NOTICE

Thursday, April 22, the classes will be cut to 45 minute periods instead of 60. This to enable the Peace Demonstration of that day to wear the air of peace rather than conflict. The bells will ring the 45 minute periods. Follow them.

Dean Hall.

## N.Y.A. STUDENTS

Please remind your N.Y.A. assistants that any work slips two weeks over-due will not be accepted by the Business Office. Work slips handed in after this period will not be counted. Slips are due on Monday for the preceding week.

## PRE-JUNIOR TESTS

The Committee on Pre-Junior Tests has planned for the annual Nation-Wide Sophomore Tests to be given on Monday and Tuesday, May 3 and 4. All Sophomore classes are to be adjourned those two days, and all Sophomores are to report at Brite College at 8:30 and spend the entire morning in these tests. They will not inter-

ference with classes in the afternoon. As usual, a number of teachers will be asked to assist Professor R.A. Smith in handling these tests. Those who have sophomore classes on that day can especially spare the time to assist. T.C.U. is one of the institutions chosen by the American Council on Education to give these tests in a special way that is helping to lay a foundation for a good deal of statistical material. It is hoped that this as a basis will be of great value in working out the technique of such tests in the future. Cooperation of all teachers will be greatly appreciated.

NAME	DATE & EXCUSE	REASON
Names redacted	4-10 (Bib.)	Ill
	4-7 (all)	Out of town
	4-8 (P.S. Mus.)	Ill
	4-6, 7 (all)	Prac. Tch.
