

REGISTRATION PLANS FOR MAY 3-13.

We are placing in the hands of the counsellors along with this faculty bulletin cards indicating names of students on their lists for the current year who should be registered by them within this period of registration assigned above.

While we are requesting, through the faculty bulletin and also through the Skiff, that the students take the initiative in making the contact with the counsellors, we are urging you to announce your office hours in your class rooms and to approach these students as rapidly as possible. Please call by the Registrar's Office for copies of the registration blank.

Department heads may find enclosed along with the faculty bulletin a few cards that will indicate though these students probably are just finishing their freshman year, they have already chosen their major and therefore are being passed on to you. Kindly follow the same procedure as mentioned above in relation to the counsellors.

We are trying to give sufficient publicity to the registration through the Chapel Bulletin and the Skiff, but we would appreciate your cooperation in announcing to your classes that all Sophomores and above should call by the Registrar's Office, declare their major and minor, have petition sheet filled out, and bring back to you as department head for advice on registrations.

No registration cards will be received during this registration period unless they bear the O.K. and initials of either a counsellor or a department head.

Thank you for your hearty cooperation which we know you will readily give.

Signed,
S.W. Hutton, Registrar

THESIS REGISTRATION

Heads of Departments should have in hand a white card for a student working on a thesis, even though the preparation of the thesis may be delayed. No student is really eligible to begin work on a thesis until he has registered for at least three hours of it. To insist upon registration before a student begins work on a thesis will save us embarrassment in the office and will allow a student to proceed in the regular order as if he were pursuing a course in class.
