

T.C.U. FACULTY BULLETIN

Vol. IX

September 17, 1937

No.2

Everyone is still interested in the "book of numbers" so to satisfy your inquiry we are happy to report 961 registrations to date in the day classes and 450 in the Evening College.

We are getting the "Admit to Class" cards to you as rapidly as possible in view of the "flood" of registrations.

Please read again the Faculty Bulletin of last week. There are a number of exceedingly important items relative to academic details and office routine outlined therein on which we will appreciate your constant cooperation.

Remember the Cabinet meetings are held on the first and third Thursday afternoons at 4:00 o'clock. The first regular meeting of the Cabinet will therefore be held October 7.

Students absent from class three times consecutively should be reported to the Registrar's office on the "Delinquency" provided in the office for this purpose. We will follow through and notify you the outcome of our inquiry.

Before changing class rooms please confer with the Registrar's Office. This will avoid confusion and will enable the office to serve you adequately. A few adjustments are being made to accommodate large classes and to facilitate your connection between office and class room.

Conservation in the use of electricity is timely. On leaving your class room kindly turn off the light. This simple act of thoughtfulness will save the University hundreds of dollars during the year.

We appreciate the fine spirit of cooperation shown by the faculty in the difficult task of registration.

Announcements or items of interest to appear in the Faculty Bulletin must be in the Registrar's Office by noon Thursday of each week. The Bulletin will be in your Friday evening office mail. This "News" paper will contain no "Editorials".
