COMPLAINTS ARE COMING to the Registrar's Office that some students are being held overtime; hence they are reporting late to the following class. Another complaint has come that teachers are releasing their classes early, making disturbance in the hall for other classes using the full period. May we count on your full cooperation in these important matters. We do not want to call the attention of any one teacher personally to this matter, so we take this means of getting the word around with an urgent request for cooperation.

THE SUMMER TERM BULLETIN has been returned to the printer and should come from the press in about ten days.

THE CATALOG COPY FOR 1939-40 is in process of editing. Any changes in the original copy sent in should be turned in immediately for it will soon be too late.

FACULTY MEMBERS ARE INVITED to participate in the Brite College of the Bible Chapel, Friday, 10 A.M. The new chapel is quite worshipful and restful.

DEPARTMENT HEADS: The enclosed message about the Manifesto came with the request that copies be passed to the teachers. A copy of the Manifesto on Freedom of Science is at the Dean's Office (see secretary) if anyone wishes to see it. These returns may be turned in there too.
