ATTENTION OF ALL THE DEPARTMENT HEADS is called to the practice followed by a number this fall which makes the work in the Registrar's office rather difficult to follow through. Several department heads have registered students this year without the petition sheet or degree plan before them. This often requires a follow-up letter to clear the situation. Here after please follow the instructions in the sheets sent out in advanced registrations that these upper classmen must present to the department head at the time of registration the petition sheet or degree plan as some would call it, and the course is to worked out in harmony with the needs shown there on.
