

## CONCERNING N.Y.A. WORKERS:

Teachers are reminded that the Government trusts us to see that the students on N.Y.A. jobs make those jobs genuine. Also, we know that it makes for moral flabbiness if the jobs are in any way not genuine, -- merely putting in time.

So each teacher is expected to see that the student actually puts in the time and the work. Do not approve it unless it is so.

Furthermore, there is more work on the campus that needs to be done. Boys are needed for this campus work. Girls should be shifted to boys jobs wherever possible and boys moved to campus. So if any teachers do not have enough work for their N.Y.A. helpers, it is their duty to report this.

IN LAST WEEK'S FACULTY BULLETIN we stated that there were not enough copies of the list showing faculty names, addresses, and telephone numbers to provide one for each member of the faculty. Professor R.A. Smith, Secretary of the Faculty, has given us correct information that there are sufficient copies to go around, so that each member of the faculty may have as many as needed. We are grateful for this correction.

Professor Smith further requests that in the event there is an error in any name, address, or telephone number, the correction should be made through his office at this time that all may have the correct information.

MAY WE AGAIN REQUEST that each teacher follow the class schedule closely. To dismiss your students ahead of time or late is disturbing to other classes. A well-founded complaint has come that some teachers are holding their classes over-time, making the students late to the following classes. Be sure to watch this carefully. Remember the warning bell rings seven minutes before the hour, the dismissal bell five minutes before the hour, and the bell for beginning the class rings on the hour.

THE COLLEGE BLUEBOOK, belonging to the Registrar's Office, has been removed from the desk. If any member of the faculty has been using the book, or knows where it is, please notify the Registrar's Office immediately, for the book is used every day and needed badly.

## TO THE MEMBERS OF THE FACULTY:

This is to report to the members of the Faculty of T.C.U. that the Board of Trustees, at its meeting on October 4, 1940, voted to postpone the date of the inauguration of the Pension plan for approximately six months, due to the unsettled world conditions and the uncertainty of the finances during this year. They voted to continue the group insurance and it is now operating. Doubtless the members of the faculty will fully appreciate the caution of the Trustees under the present unsettled conditions.

Administrative Committee

AT THE MEETING OF COUNSELORS held in Room 205, Main Building, Wednesday, 4:00 P.M. this week the names of the new Freshmen were distributed for counseling throughout the year and until these students have chosen their major field (and would normally be counseled by their major professors). Several of the Counselors were not present. Their Faculty Bulletins will contain a list of their Freshmen (those checked in red). The Registrar's Office will send out a card indicating to each Freshman the name of his Counselor, and urging that he come to you immediately for guidance. If the student does not report to you within the next week, you should take the initiative. The fine spirit of cooperation prevailing among the Counselors is encouraging.

THE REGISTRATION FOR SELECTIVE SERVICE WILL BE CONDUCTED IN BRITE COLLEGE OF THE BIBLE CLUB ROOM next Wednesday, October 16th. Several members of the faculty will be called upon to help the Registrar in this service to the Government.

THE FOLLOWING STUDENTS have been allowed to drop all courses and should be dropped from the class roll:
