Dear Amon:

Thank you for the program at the unveiling and presentation of the memorial to Will Rogers. I also have the newspaper tear sheets.

I am seeing what we can do here, although, as you probably know, the varityper has set things by the ears because of the additional space required. All of us are having difficulty, but nothing like we expected.

It is a beautiful thing you have done for Will Rogers - not only in its conception, but in its execution.

Sincerely,

T. J. White
