

ROMAN BRONZE WORKS, INC.

STATUARY BRONZE - FRENCH SAND & LOST WAX CASTINGS
FOUNDRY AND STUDIO
96-18 43RD AVE., CORONA, N. Y.

Unless otherwise stipulated herein: (1) Our terms are net cash. (2) All models are at all times held at owner's risk and due to space limitations we reserve the right, in our sole discretion, to destroy all models within six months from completion of the work.

October 27th, 1948

Mr. Amon G. Carter, President
Ritz Carlton Hotel
Madison Avenue & 46th St.
New York, New York

Dear Mr. Carter:

Confirming our conversation of yesterday, we submit herewith a revised estimate for the casting of the "Will Rogers" Equestrian in Bronze.

We shall cast, finish and color this model to your satisfaction and to the satisfaction of Mrs. Biggs and/or a committee, for the total sum of SEVEN THOUSAND, SEVEN HUNDRED AND FIFTY DOLLARS.....\$7,750.00.

This price includes our picking up the plaster model from its present location, the crating of the finished Bronze and the delivery to a local freight yard. It will require approximately (4) months for the completion of this work. We feel certain that should we be favored with this order, our work will be satisfactory to everyone concerned.

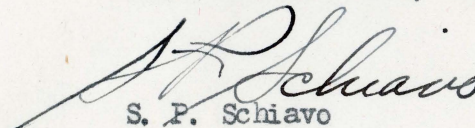

If agreeable, we would appreciate receiving payment as follows:

- 1st. payment On receipt of order and plaster model. \$ 2500.00
- 2nd. payment When completely cast. 2500.00
- 3rd. payment Upon shipment and approval of the finished Bronze. 2750.00

We sincerely hope to hear further from you on this matter.

Sincerely,

ROMAN BRONZE WORKS, INC.

S. P. Schiavo

Mr. Amon G. Carter
Fort Worth Star-Telegram
Fort Worth, Texas

Dear Mr. Carter:

Under date of October 30 Mr. Jim Collier of the South Plains Monument Company, 2909 Avenue H, Lubbock, Texas, wrote to us per the attached copy of letter. This is in line with our last letter to you requesting your advice as to how we should handle this work.

You will note it will take from four to six months to get it done.

We prefer the axed finish and would like to use the Diamond Pink Granite because we believe in every way it will conform to what is on the Fort Worth Club Building and be in line with what we want without having to wait longer to get other granite. This granite is more gray than pink, as a mater of fact.

Sincerely yours,

Wyatt C. Hedrick
