Mr. Amon G. Carter,
Fort Worth Star-Telegram,
Fort Worth, Texas.

Dear Mr. Carter:

We are sending, under separate cover, three prints each of two sheets showing the setting for the Will Rogers Statue at Lubbock. One of these sheets is similar to that which I had at the time of my last visit, and shows the general arrangement, together with suggestions for planting; and the other sheet shows more detailed information regarding the foundation for the monument and instructions for the handling of rock ledges.

As we do not have any information on the grades at the site, we are assuming that they are approximately level. If they are not, some adjustments will have to be made in the grades, as shown on our plan.

If we can be of any further help, we will be very glad to hear from you.

Very truly yours,

HARE & HARE,

S. Herbert Hare
