Greenpoint, Brooklyn 22, N. Y.

Dear Sirs:

In reply to your estimate for the casting into bronze, from the plaster model now at your foundry, of the Will Rogers Memorial Statue.

The contract should be changed to read as follows:

"For the sum of five thousand, four hundred dollars, (\$5,400.00), we propose to furnish you with a casting in United States Standard Bronze of the Will Rogers Memorial Statue.

This estimate is submitted with the understanding that you will receive a finished bronze casting that will be a duplicate in every way of the recent statue made for Texas Technological Institute at Lubbock, Texas. It will be of the same workmanship and material as the one made previously and completed to your satisfaction or the approval of Miss Raymond, your representative.

The casting will be done in not more than fifteen pieces and Miss Raymond will approve these pieces before they are assembled.

The patina will be the same as the patina on the statue cast last year.

This estimate is f. o. b. railroad. The work will be completed and delivered to the railroad not later than October 21, 1949, for shipment to The Rogers Memorial Museum at Claremore, Oklahoma.

The statue is to be paid for (\$5,400.00) on completion, when boxed and delivered to the railroad."

The inscription is to be changed in accordance with your further instructions."

I prefer to pay for the work on completion. If you find it necessary I will be glad to have the National City Bank guarantee my payment.

Very truly yours,

Amon G. Carter
