Dear Miss Deakins:

Thanks you, so much, for your letter of November 25th, and we are very happy about the statue.

I asked my husband about the shipment of the statue to us and he thinks it is best to have it sent direct to the Memorial to save further handling. However, it will be impossible to store it inside the Memorial because of its size. I assume that it will come in several separate crates and if so, they could be placed near the site of erection; they could be made water proof.

If possible, could you have the company making the shipment give us details as to what condition it will be shipped in, then we can make arrangements here without guess work. Any plans or suggestions regarding it will be appreciated and fully carried out.

The Commission would like to know Mr. Carter's wishes and possible date for the dedication of the Will Rogers equestrian. We do want everything to be agreeable with him.

My husband is making arrangements to have the small statue shipped to Fort Worth as soon as possible. I will notify you the exact shipping date.

With all good wishes, I am

Most sincerely,

Paula M. Love
