Dear Mr. Amon,

Just a note to express my appreciation
as an ex-graduate of Texas Technological
College, Lubbock, for the lovely gift to our
Campus of one of our finest American
Citizens the late Will Rogers. I was

one of his admirers, I have felt the need
of such a fine person as he was, I felt just
knowing Will Rogers was one of my choicest ^{memories}.

We, Bowie citizens greatly appreciate your
splendid achievements - we are especially proud
of "The Star Telegram", which according to our opinion is
the best paper in Texas -

My every good wish is for the continued success and
happiness of you and yours, Very sincerely,
Mrs. Will S. Young
