Dear Mrs. Deakins:

The wealth of papers came yesterday and I cannot thank you enough for the generous supply. That was such a sweet thing of you to do and I know you personally looked after it, so please accept my heartfelt thanks.

The pistol cigarette lighter you so kindly sent to Philip Viles came and honestly, that boy will never be the same. He took it to a three day insurance convention and I am sure that everyone with whom he talked knows by this time where it came from. Thank you so very much for that, too. I still feel horrible for asking for so much but somehow I felt that you would understand. You do not know how grateful we all are to you personally, of course Mr. Carter and the other Texans who made the day such a wonderful one.

There are quite a few people who wanted papers and with this generous supply it will gratify every request. Then of course I keep a nice file on everything connected with Will Rogers and you would be surprised to see how big the Fort Worth folder is.

I wish it were in my power to do something for Mr. Carter and you, and the rest of the wonderful people who came. I do not have much of this world's goods, but I do have a heart full of love and appreciation for all the things done for the Memorial and other tributes to Will Rogers. Mr. Carter has played such an important role in that that I long to do something to let him know how far my appreciation extends.

Thanking you for everything and with all good wishes, I am

Most gratefully,

*Paula M. Love*
