Box 888
Seymour, Texas

Dear Mr. Plants:

Your letter has been received during Mr. Carter's absence from the city. I am sure he will appreciate your giving him the information about the leather carving done by one of your local saddle makers.

Inasmuch as Mr. Carter has very little opportunity to be in your city, I wonder if sometime when this young man is in Fort Worth, if he would feel disposed to bring the leather carved portrait of the late Will Rogers by Mr. Carter's office. I feel sure he would be interested in seeing it.

Thanking you, and with best wishes,

Yours very truly,

Secretary to A. G. Carter
