Miss K. Deakin,
Fort Worth, Texas

Dear Miss Deakin,

I do want to thank you for your letter of August 31, and I want express my great concern about Mr. Carter and what that heart attack will mean to him. I trust that he will give himself every chance and that he will have many happy years yet.

It seems best for you to return the material that I sent for him to read. If you will be so kind as to give him my letter and tell him of what I hope to do about the book, "Will Rogers on the Range." If he desires to see some of what I am shaping up, I shall be glad to send this to him at a later date. When he feels like doing so, I would be so happy if he would dictate an "Appreciation" for me to use in his book. If this is too much of a strain, ask him to wait until he does feel like it.

Three years ago my husband suffered a heart attack just as we reached Temple. I know that many adjustments have to be made after such an attack. But my husband is getting a lot of joy from living after having had to give up many, many things that he had wanted to accomplish.

I thank you so very much for your help.

Sincerely,

Mrs. D. G. Axteel
