Dear Mrs. Deakins:

I fear that I have not specifically acknowledged the wonderfully rich collection of material which came some days ago. This includes the items I had left for Miss Marie Meador's good attentions. Very deep is our gratitude to you for making the Amon Carter treasures available for my inspection, and for the reproducing thereof. Please thank Miss Meador for me.

About the middle of March I will check with you as to the best time for next visiting the Foundation toward the end of the month. I am grateful for the privilege you arranged for me of meeting Mr. Amon Carter, Jr. and Mr. Claer and, of course, yourself.

Sincerely,

A handwritten signature in blue ink that reads "Theodore L. Agnew". The signature is written in a cursive style with a long, sweeping underline.
