Dear Dr. Collins:

The Amon Carter Museum has forwarded the letter from you seeking legal information about the Will Rogers equestrian "Soapsuds" statue made by Electra Waggoner Biggs of Vernon, Texas.

There is a contract between the late Mr. Carter and Mrs. Biggs which she has in her possession. I am sure that if you should communicate with her, she will give you whatever information you need.

Yours very truly,

S e c r e t a r y
