Mr. James C. Leake
Leake Industries, Inc.
P. O. Box 1887
Muskogee, Oklahoma 74401

Dear Mr. Leake:

This will acknowledge receipt of your letter to Mr. Carter with reference to the Will Rogers Memorial and seeking additional information concerning it.

Mr. Carter's father commissioned Electra Waggoner Biggs to do an equestrian sculpture to be given to the Will Rogers Memorial at Claremore. The original sculpture is in Fort Worth, and a third is at Texas Technological University in Lubbock, Texas.

I don't know exactly what you mean when you ask what arrangement Mr. Carter had with Mrs. Biggs on this statue. This statue was dedicated in Claremore, Oklahoma on November 4, 1950. We are sending a photo of the newspaper pages that carried the stories.

If we can be of any further assistance, please let us hear from you.

Yours very truly,

S e c r e t a r y
