

Mr. Carter: The president's schedule calls for stops, after leaving Fort Worth, in only Wichita Falls and Amarillo. We have sent Presley Bryant to Amarillo for advance story for Sunday paper and for coverage of the President's visit there. He also will make arrangements with local photographer and with INS photogs on train.

We shall send Bob Hicks and D. B. Greene on the train as far as Wichita Falls; Hicks to incorporate in his story anything that occurs between here and Wichita Falls and cover the Wichita Falls reception story; Greene to take pictures of it. Both are to return after the train leaves Wichita Falls unless otherwise instructed.

Timmons will be on the train and inasmuch as there are no other receptions, think his coverage-in case there are stops between Wichita Falls and Amarillo-should be sufficient.

This apart from the ~~local~~ arrangements as to local coverage, which are attached. JMN
