THE WHITE HOUSE
WASHINGTON

March 26, 1943

Dear Amon:

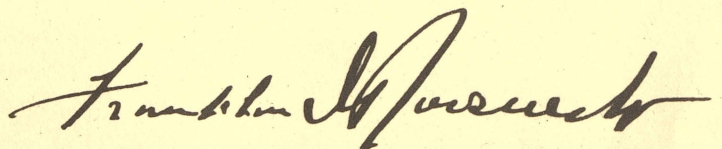

Mac has just shown me the two letters you have received from Beaverbrook and I have read them with much interest. Thanks for giving me the chance.

Ever since I first heard that Amon, Jr. was missing in action, I have been wanting to write you but put it off hourly hoping that there might be some good news. I have made repeated inquiries and the absence of any definite news does not lessen the possibility that he was taken prisoner, - so do not lose hope.

It seems futile to try to say anything that would help you but with my own four on the various fronts, I can sense the terrible load which you are carrying.

Affectionate regards to you and yours.

Very sincerely yours,

Amon G. Carter, Esq.,
