BASIL O'CONNOR
PRESIDENT

January 6, 1944.

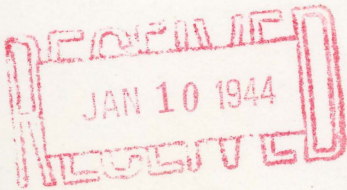

Mr. Amon Carter,
Fort Worth,
Texas

Dear Amon:

I thought you might be interested in looking at what the ten top counties in Texas have done the last five years in the Celebration of the President's Birthday for The National Foundation. In these ten counties for the five year period in question, Tarrant County stands well up on the list in total dollars, but not so well on the list in per capita for the county.

I am one who is not trying to prove things by statistics; they are, however, always interesting, and I thought you would like to see the enclosed memorandum.

Sincerely yours,

Basil O'Connor

President.
