Dear Mrs. Deakins:-

Thank you for your thoughtful letter of April 15th. Please don't worry about my letter to Mr. Carter until he is really feeling better.

If the letter which Mr. Carter received from the late President Roosevelt was signed in ink "F.D.R.", it was the President's signature. No one of us ever signed his name to letters -- though we often typed in "F.D.R." on the bottom of a memorandum.

I do hope you have fully recovered from your recent illness, and with kindest regards and many thanks,

Always sincerely,

Grace G. Tully
Executive Secretary
