

# AMERICAN AIRLINES

918 SIXTEENTH STREET, N. W.

WASHINGTON 6, D. C.

February 10, 1955

Dear Mr. Carter:

You will be interested, I think, in the attached editorials and Civil Aeronautics Board and White House press releases.

It is evident that the Administration is being subject to criticism on routes as well as appointments in the aviation field.

Sincerely,

Morris Shipley  
Assistant Vice President

Mr. Amon G. Carter
