

*Allan Shivers*  
*Austin, Texas*

Dear Amon,

The color photographs of Woodlawn arrived yesterday. They have the most beautiful color that I have ever seen in photographs. Marialice and I were particularly delighted with the story which Jack Douglas did and the reproduction of the color photos in your paper a few weeks ago, but our delight in having a set of the pictures is unsurpassed.

We do appreciate your thoughtfulness, and hope that you and George Ann will be visiting in Austin sometime soon so that we can give you a personally conducted tour. Seriously, we would like for you to see the place, and hope that you will let us know whenever you and George Ann are going to be in Austin.

Marialice joins me in fondest regards to both of you.

Sincerely,  
  
ALLAN SHIVERS
