

BANKERS TRUST COMPANY
SIXTEEN WALL STREET
NEW YORK

S. SLOAN COLT
PRESIDENT

April 13, 1937.

Dear Mr. Carter:

I have just received a telegram from Juan Trippe extending me your invitation to attend the dinner on April 23rd in honor of Pan American.

I know of nothing I would rather do than this. As you know I have been and am still very much interested in the development of the Pan American. As a director of the company I came back on the Clipper from Honolulu last summer and was well impressed with the manner in which the job was being handled. Unfortunately however I am taking a business trip during that week and have appointments in Cincinnati which I am afraid I am not in a position to change at this time and therefore I am forced to regret your very good invitation. I should have enjoyed the occasion and particularly the opportunity of seeing you again.

With very best wishes, I am

Sincerely,

S. Sloan Colt
