

**NATIONAL DAIRY
PRODUCTS CORPORATION**

230 PARK AVENUE · NEW YORK 17, N. Y.

JAMES BRUCE
VICE PRESIDENT

January 8, 1946.

Dear Amon:

Thanks very much for copy of letter you wrote to President Truman. I think it is excellent.

If labor had its way business conditions in this country would be so mixed that if we had to fight another war we would have no productive capacity whatsoever.

There is an iniquitous bill which will probably pass the House called the Kefauver Bill which requires that any corporation buying the assets of another, if both equal an amount of over 5% of the industry in that particular locality, it get permission from the F.T.C. That means that no young fellow or group can build up a business, or any other business can expand without constant logrolling around Washington.

We are accumulating too much government control.

Sincerely yours,

James Bruce
James Bruce.
