Colonel Louis Johnson,
Steppe & Johnson,
Union Bank Building,
Clarksburg, West Virginia.

Dear Louis:

Enclosed you will find a copy of my telegram to the President. It is difficult to cover the situation thoroughly. It might be summed up in one statement - It was a stupendous victory! It has never been equalled in the political history of our country.

I am sending along some editorials from the Star-Telegram which I thought might be of interest to you.

Permit me at this time to extend my belated congratulations to you for your successful campaign and to wish for you, the Administration and the public at large great achievements.

Sincerely,
