Mr. Amon G. Carter, President
Fort Worth Star Telegram
Fort Worth, Texas

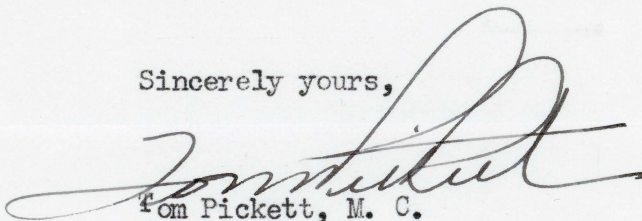

Dear Mr. Carter:

Thank you very much for your very timely letter of July 27 in which you enclosed a copy of your telegram of the same date to President Truman. I certainly appreciate your giving me the benefit of your viewpoint on the issues facing us today.

Personally, I am in agreement with the theory that full mobilization of our resources and essential controls should be undertaken. You may be sure I shall give legislation dealing with these subjects my most earnest and careful study.

With best wishes, I am

Sincerely yours,

Tom Pickett, M. C.
