My dear Friend:

I sincerely appreciate your thoughtfulness in sending me a copy of your telegram to the President concerning the necessity of controlling both prices and wages if we hope to stabilize our economy during this period of military preparedness.

As you know the House of Representatives has already passed the Defense Control Act with stand-by price and wage controls and sent the Bill to the Senate for its action. It is thought that a favorable Senate vote will be arrived at sometime this week.

You are to be complimented on the careful manner in which you study problems affecting all of us and for your willingness to pass on to the legislators and our government executives the benefits of your opinions based upon long experience.

With best personal regards and good wishes, I am

Sincerely,

Olin Teague
