

MAMMOTH ELECTRIC COMPANY

MANUFACTURER OF HIGH INTENSITY SEARCHLIGHTS

GLADSTONE 8648

1128 NO. HIGHLAND AVENUE  
HOLLYWOOD, CALIFORNIA

September 11, 1940

MR. AMON CARTER  
c-o Biltmore Hotel  
Los Angeles, California

Dear Sir:

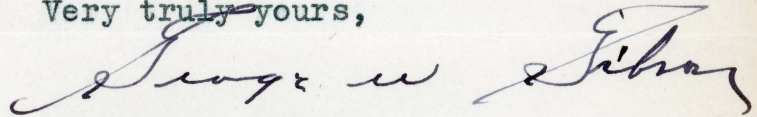

Would you be so kind as to grant the writer the opportunity to talk to you on the subject of supplying the searchlights and newsreel lighting for the Premiere of "THE WESTERNER" which is being held in Fort Worth on September 19, 1940?

For your information we have taken care of all the large Premieres at the Carthay Circle Theatre locally, and have the equipment available to do the same type of Premiere in Fort Worth as we have done already in Atlanta, New York and Boston on "GONE WITH THE WIND"; in Omaha on "UNION PACIFIC"; in Boise, Idaho on "NORTHWEST PASSAGE"; and many other smaller Premieres in different cities throughout United States.

We are confident that a display of interest upon your part will effect the complete co-operation of Mr. Goldwyn to the extent that Fort Worth will have a Premiere of which it can be justly proud.

We thank you in anticipation of the favor we request.

Very truly yours,

GEORGE W. GIBSON
