Mr. Amon Carter, Publisher,  
Shady Oak Farm,  
Fort Worth, Texas.

My dear Mr. Carter:

Reading the newspapers, I noted your return from New Zealand. I am sure that you derived great enjoyment from this thrilling experience. There are still opportunities for pioneering although they claim there's nothing new under the sun.

I trust that you obtained satisfactory cancellations on your covers at all points enroute. This is a most commendable hobby, especially from the view point of the postal service.

My hearty thanks and appreciation for that fine hat, and am I proud of it! You were far too generous.

I shall be glad to assist you in solving any postal problems at any time.

With very kind regards.

Sincerely,

Superintendent of Mails.
