Dear Mr. and Mrs. Carter:

Please let me intrude for just one more minute of your valuable time to express my deep appreciation for your courtesy during my recent visit to Fort Worth.

I will not forget the afternoon at Shady Oak Farm, and even more vivid will be my memory of the Carters all, whose reputation is as widespread (and if you will pardon me, far more important) than that of any of the stars on our trip.

Thank you again for your kindness to me, and long may Fort Worth reign over the Southwestland - with the stamp of approval of Amon Carter.

Sincerely,

*Jimmie Fidler*
