Dear Miss Hoover Sherman, Tex.

Noting your request for
data, that may assist you in
a review of -
Texas Ranchman, The Texas Ranch
and the Cattle Trail.

In a single article letter, one can
but take a glance glimpse at the
~~history of the Cattle Ranch history.~~
the Cattle industry & Ranch history.

I accept it that those of
the past generation who still live
are it to those of today, who
aspire to preserve history - to
remind to them such knowledge
as they may possess.

In ~~this spirit~~ I shall in
the hope of Coloping for your
finished picture. Wander
far afield that I may impart
the spirit of those days, and
that from the winding ^{trail} path
over which I wander, you
may gather straw with which to
keep brick for the structure that
you build.

Yours J. F. Evans
