

Denton, Tex -

Sept 21<sup>st</sup> 79

My Dear Darling;

I know you are anxious to hear how we stood the trip over, so, although it is late I must write you some tonight - I felt very much worn out when we reached Denton last night - about 9 o'clock but I feel better today than I expected. We got a late start - from Sherman though I could have been ready at the appointed time

Roy and Guy both got very  
tired - it was so dusty -  
and Roy thought we ought  
to have reached Grandmama's  
long before we did - Many  
Thanks, darling for the book  
it came in good time  
and will be very interesting.

I went with Pip tonight  
down to Mrs. Hollands to  
hear some music - The Presby-  
terians have a protracted  
meeting in progress - that  
is accomplishing much  
good they say - I will  
write more tomorrow  
Guy demands attention  
now - He is spoiled since

his eyes are sore -  
They are getting better  
but not well,  
Your loving wife
