

Some she wants to see paper or face -
Not for another letter - and may
Sherman

My Dearest, Boy:-

July 12th 1887

Yours of the 9th from Denver
to hand, and we are glad you are to hear
from you, but sorry you have had no letter
up to that time as my first should have
been there almost by the time you were, I write
you twice to Denver in time for you to receive
it while the Convention was in session -

I hope you will have a pleasant, enjoyable
visit - and that it may result in some
good to us in time - I hope you went to
all the places of interest, so you can
describe them to us - I think you must
have had need for your over-coat
yesterday and today - as quite a brisk
norther came upon us yesterday before
day - We are all quite well and comfortable
and enjoy our "base-burner" this kind
of weather - This afternoon, mother and I
drove over to Sister Anna's to see her, and
sister Florrie who came this morning -

The bill of the shirts you ordered has
come but the the package has never
been delivered if it has come, I will
make inquiry Monday - We miss you,
oh! so much - and I don't know how I could
get along without you. We have been separated
so much of the time that we should have
spent together - Assure Mrs. Rosencrans and
Mr. Warner of our sympathy with them in their
great trouble - It shall be a life long
regret to me that I was not able to see
and know Mrs. Warner long before I
did - I forgot to mention to you before
leaving home that Jim Wright and Mr.
Star Cook also, I believe, were living in
Denver - Hope you saw Mr. Wright again
and his wife also - Mr. Clinch has written to
you from Austin, judging from that
he is down in this country - He spoke
something of the cattle, and said he had seen
Will Evans at Ft. Worth. Will writes mother
that he feels better than for a long time
since the M & P. matters were fixed up -
Bye bye, my dearest we want to see you
home very much - with love your own Lizzie -
