Mrs. Paul Whiteman,
Palace Hotel,
San Francisco, Calif.

Dear Mrs. Whiteman:

Your letter of November 6th, has been received. Inasmuch as Mr. Carter is returning to Fort Worth from San Francisco via New York, I shall gather all information possible about the Ochiltree County acreage in which you hold a royalty interest and have it ready to be sent to you when Mr. Carter returns next week.

Doubtless Mr. Carter looks better to his friends who don't see him so frequently and while I can't tell much difference in his appearance I do know his disposition is better(although it could still stand some improvement) and he seems to feel better generally. I'm sure both of them must be happier and while I keep wishing the divorce had not happened, it just seemed to be unavoidable.

Come by to see us on your next trip through Fort Worth.

Sincerely,
