Dear Amon:

According to Mr. Gubelin they have completely re-conditioned that old fireless cooker I gave you. Here is a list of what they have done. Looks like they changed the oil, ground the valves, got everything fixed, except new tires - that I cannot do.

Hope by next Fall the old thrashing machine will be in good enough shape so you can harvest some black-eyed peas with it. If you get a good crop of them I will come down and help you eat them. Nothing better than black-eyed peas and a good fat piece of side meat.

Margaret joins me in sending our love.

Sincerely,

Paul Whiteman

Dear Mr. Whiteman:

We have examined the gentleman's platinum pocket watch left with us to be repaired and wish to advise you that the following repair will be necessary.

Movement completely overhauled, cleaned and oiled, and the pivots repolished.
New balance staff (hand made).

Dial refinished.

Because of the amount of work on hand and the present labor conditions we will require about six weeks time to complete the repair.

Very truly yours,

E. GUBELIN INC.
