Dear Mr. Whiteman:

The script as well as the recording of the Wedding program in honor of Ruth have been received and she is so happy to have these in her possession. In fact, it is Ruth's plan to have copies made for the purpose of preserving the original.

You could not have done a lovelier thing than the program and it was very beautiful and enjoyed by a group of Ruth's and Lee's friends at a dinner party. In fact, it made the party.

In reply to your inquiry of June 19 concerning the current and voltage of Mr. Carter's boat, permit me to advise that the lights in the cabin are twelve volts operated from a DC battery. The lights in the engine room are six volts. Not knowing what you have in mind, I am giving the voltage of both.

With best wishes to you and
Mrs. Whiteman, I am

Yours very truly,

Secy. to A. G. Carter.
