

How Burlington Service Is Moving Freight on Record Time

The *safe and speedy* distribution of the necessities and the comforts of life has long been one of the most momentous problems of modern civilization.

The movement of merchandise from the great manufacturing centers to consumers everywhere, and the transportation of dairy and farm products to the hungry markets of the cities "ON TIME," is a question that has attracted the attention of the world's most efficient men.

Burlington Freight Service, which has perfected a system of freight movements on record time between Chicago, the Pacific Coast and intermediate points, is the remarkable result of years of study and experiment with through routing and the consolidation of trains, by the master minds of railroading.

Maximum Speed—Minimum Transfer

The chief difficulty to overcome has been the elimination of *time waste* and *possible damage* through continuous transferring of merchandise from car to car at points all along the line.

Burlington Service, through the perfection of its trackage, its fine equipment, its block signal systems, and through the great volume of freight which it handles, inaugurated a series of through merchandise cars between Chicago, Seattle, Los Angeles and San Francisco, Salt Lake City, Billings, Denver, Omaha, St. Paul and Minneapolis, Kansas City, St. Louis and other points. And a perfect arrangement for delivering cars to connecting lines on *THEIR* schedule time.

The result has been a freight service which in efficiency and speed is a splendid parallel to *Burlington Passenger Service*. And *Burlington* trains are now transporting the dairy, grain and other products of the farm to the cities with the *same* dispatch and the same efficiency with which they are moving the dry goods and manufactured products of the cities to the people of the country.

The Immensity of This Service

Burlington Freight Service represents more than 9,000 miles of track between Chicago, the West and the Northwest, traversing *eleven* great states and reaching 1,130 municipalities.

About 100 rapid and splendidly equipped freight trains move over this immense system *every day in the year* with the precision of passenger service and the very lowest minimum of transfer time and time waste that has ever been possible in modern railroading.

55,000 freight cars are constantly feeding the products of the world to 1,130 cities and surrounding territory along the lines of the *Burlington Route*.

Only the *tremendous* demands of such a great number of healthy and fast growing cities for the necessities, the comforts and the luxuries of life could stimulate the need for such a remarkable freight service, and only the *unlimited* resources, splendid organization and perfect equipment of such a road as the *Burlington* could make it a reality.

The Public Vitaly Interested

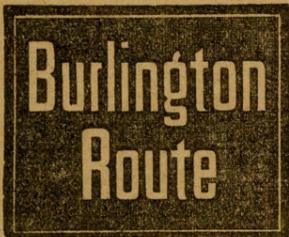

Every man, woman and child in the country is concerned in the *proper* movement and distribution of freight, for upon its successful and expeditious handling depend the food supply, the safety, the very *existence* of all the people.

The fresh vegetables and fruits which grace your table, still wet with the dew of the country, represent the *wonderful* speed of *Burlington Freight Service*. Your ability to enjoy, when you want it, the handiwork of craftsmen a thousand miles away is a tribute to *Burlington Service*.

Whether you are a continuous shipper of merchandise, or whether you merely make one or a few shipments of freight a year, or even if you *never* have occasion to make a freight shipment, you owe yourself the advantages which a study of the handling of freight affords. At least, you owe yourself the *knowledge* of what a great railroad—THE BURLINGTON ROUTE—is doing to bridge the distance between you and the comforts of life.

EIGHT HOME RUNS BY CUBS AGAINST GIANTS SOX IN BOSTON AFTER AN OCEAN VOYAGE M'GRATH STAR AT THE IRISH A. A. MEET

ATHLETIC

NOTHING BUT HOME RUNS SATISFY CUB FANS NOW

Eight Home Runs Made During Series with Giants, Schulte Getting Four of Them; Play Double-Header Today

[CONTINUED FROM FIRST PAGE]

the four games that they have with the Giants in New York.

Schulte Makes Record Hit

Frank Schulte has set a record in long distance hitting during the New York series that will stand for many a long day. His feat of making four home runs in two games has been beaten many a time, but the hits were not of the clean-cut variety that cleared the fences and started every one talking about it as the hits did that he made against the Giants' pitchers. His home run over the big electric score board in right field yesterday may never be duplicated unless Schulte does it himself.

Heretofore the home runs have been considered long hits that have cleared the screen and hit up against the scoreboard, but Schulte's first homer yesterday cleared the board and sailed above it many feet as it passed over.

Four home runs in one game off any team are hard to make, but to make that many off a team of the caliber of the New York Giants is a feat that the Cubs may well be proud of.

Schulte divided honors with Jimmy Sheppard in yesterday's melee—each getting two home runs during the day.

The Cubs had three in the Friday game of the series, when Schulte made two and Tinker one, but yesterday's feat overshadowed the previous one and was all the topic of conversation around the fanning resorts of the city today.

Cubs Hitting Ball Hard

The Cubs made eighty-six hits during the four-game series with the Gothamites, eight of which were home runs.

All of the home runs were made by the Cubs. The total number of hits made by the Chicago sluggers during the four days was forty-three, for a total of eighty-five bases. It will be some time until a series between two teams as evenly matched as the Cubs and Giants result in such a showing for anyone.

Phillies in Fine Form

The Phillies are to be with us today and tomorrow. Manager Charlie Dootin and his Live Wires arrived in the city this morning from Cincinnati, where they trimmed the Reds yesterday to the tune of 8 to 2.

Chance and his followers fear the Phillies even more than they did the Giants, and the locals will have to play their best in order to get the best of the count from the Quakers in the short stay.

The Phillies took two games from the Pirates in their series there and broke even on the series. They also shared honors with the Reds in their four-game session in the Queen City. If the locals can get two out of the three from Dootin in the three games here the fans will be well pleased, for that will likely give them an additional game or two for the Giants, and the Pirates are to battle four games in the next three days.

Easy Week for Cubs

This will be an easy week for the Cubs. After finishing up with the Phillies tomorrow

the leaders will have a rest on Wednesday, and on Thursday they will go for a little barnstorming tour to Clinton, Iowa, and Hannibal, Mo. They will be back here for a two-game series with the Cardinals on Saturday and Sunday next, and then go to Cincinnati for a double-header with the Reds on Monday and back here again for their final sessions with the Reds and Pirates for the balance of next week.

Chance will be back in the game in a few days and the Peerless Leader hopes to have his team in their best fighting trim before it leaves here for the east to make its final stand against the eastern men.

Evers was indisposed yesterday, but will be back today, it is likely, and with Steinfeldt back on third and Hofman in the game again, the old fighting machine will look natural.

NEW YORK AND CHICAGO HURLERS PLAY A TIE

Honors Even in Second Annual Championship Match—O'Connells and Rangers on Even Terms

Everything out at Gaelic park yesterday resulted in a tie. New York and Chicago Gaelic hurlers played a 5-to-5 tie in the second annual contest for the championship of the United States. The curtain-raiser, the first contest of a series of three to decide the championship of the state in football, also was undecided, the O'Connells and Rangers battling 6 to 6.

In the hurling match New York started off as if it would make a runaway race, but in the second period the local hurlers braced.

J. Ryan, one of the five of that name on the New York team, counted a point following four punts, starting from the opposite end of the field. His brother, C. Ryan, added another to New York's total ten minutes later by a well-directed kick from the 40-yard line. With only five minutes to play, New York scored two more points, J. Ryan and C. Ryan counting.

With only five minutes remaining of the second session, Chicago went to the front by Muldoon's putt from the 50-yard mark. New York tied when only two minutes remained, scoring from the 40-yard line.

FAST MILE BY SCHOOLBOY

NEW YORK, Aug. 29.—Abel Kiviat, the schoolboy phenomenon, ran the fastest mile that has been recorded in America here Saturday since Wilton Paul, the University of Pennsylvania miler, ran a mile in 4:17 4-5 two years ago. Incidentally Paul, who started from scratch with Kiviat, was a victim of Kiviat's great running, losing out to the Irish-American A. C. youngster by less than a yard. Kiviat's time was 4:20 2-5.

By a Special Correspondent

BOSTON, Mass., Aug. 29.—Hugh Duffy and White Sox arrived here this morning after a night spent on the ocean. The players had a taste of a real ocean voyage last night, as the team came by the outside route, and were out of sight of land for most of the way, which was a new experience for most of the men.

The series here with the Red Sox is the final one of the trip, and in order to make as good a showing on this swing around the circuit as they did last time the Chicago men will have to win two out of the three games.

Only one game has been won to date and the trip promises to be the worst one ever made by the south side aggregation. The outlook was not good at the start off, for with Lord and McConnell in the lineup Manager Duffy expected to clean up the easterners on their own grounds as easy as he did on the Chicago grounds.

Pitcher Cy Young was suspended and sent home to Chicago last night because of lack of condition. The lefthander has not kept himself in shape to help out in the Boston series and he was not needed, so Duffy sent him along to Chicago with Lena Blackburne, who has been resting at home ever since the team came east.

Yesterday was a quiet day for the Chicago team. The day was wet and the players did not venture far from their hotel. The boat trip started at 5 o'clock and the men were rather anxious about the start, as the farthest they had ever been from land before was when they took the boat trip from New York to Providence up through Long Island sound.

This is Lord's and McConnell's first appearance in Boston on an opposing team and the fans will be out to give them a glad welcome this afternoon, it is expected, for they were very popular with the rooters.

BASEBALL NOTES

The Giants were not sorry to say goodbye to Chicago last night. Their four days' visit here this time was a little more strenuous than they had expected.

This is the last double-header of the season, perhaps, and the bugs are planning to take advantage of it if possible.

The attendance for the New York series was close to 90,000, which is going some for a four-day session.

The Cubs can not lose the season's series to the Giants now, for they have won thirteen and only lost five, with four games more to play.

According to Red the bat boy Schulte called his second homer. He was to let the first ball go by and wallop the second, and he did that.

They say that Schulte has lost a number of balls during the morning batting practice by putting them over that sixty-one-foot score board, but the one that went over there yesterday was well worth all the lost balls.

Ten hits for twenty-six bases was the record made by the Cubs in yesterday's fracas.

"Effingam" Willie Shetsline and the Phillies looked chipper and hopeful when they larked in town for their two days' clash with the leaders. The Phillies have been quite successful against the western cousins all year.

Fred Schreiber pitched a remarkable game for the L. C. Smith Typewriter company team of the Manufacturers' league against the Fuller & Fuller team last Saturday. Schreiber struck out twenty men and he assisted on six other putouts. Only one putout was made during the game that the pitcher did not have a hand in. Bert

NEWS OF AMATEUR AND SEMIPRO TEAMS

Results of Games Played, Challenges and Other Timely Gossip of the Players

CHICAGO LEAGUE STANDING

W. L. Pct.				Log Squares			
West Ends	18	6	.750	13	458		
Chi. Giants	13	9	.591	15	375		
Rog. Parks	12	11	.522	17	320		

West Ends still need one more game on the winning side of their ledger to be safe from any possibility of losing the 1910 pennant of the Chicago league, their defeat yesterday by the Rogers Parks, coupled with the victories of the Chicago Giants over the Red Sox and Logan Squares and Rogers Parks' other victory over the Logan Squares, bringing the leaders down enough in the standing to still leave a chance for two of the clubs to catch them.

Jimmy Callahan was the heaviest sufferer of the two days' campaign with his two beatings, which shoved him back into the second division. Spaldings also were given a bad blow when they lost to the Red Sox, who are substantially ahead of Bob Welch's tailenders.

Scanlon in Fine Form

The West Ends found Scanlon in fine form at Rogers Park, and Ryan's men trimmed the league leaders, 4 to 2, "Chick" Fraser losing his second game this season. Singles by Gertenrich and Art Zangerle scored all four runs for the Rogers Parks, as Louie slammed out a Texas leaguer with the bases full in the third inning that scored two, while Zangerle followed suit with a single out of the shortstop's reach that counted two more in the same inning.

Bad ball playing by the Logan Squares and good pitching by Walter Most was the cause of the defeat of the former at the hands of the Rogers Parks on Saturday, Jimmy Ryan's bunch getting the big end of a 5 to 2 contest.

Find Pete Henning Easy

The Chicago Giants battled Pete Henning all over the lot in the last half of their game with the Logan Squares and won 11 to 2. Walter Ball was hit safely only five times, two of them coming together in the fourth for a run, while Cal squeezed another across earlier on a pass and some sacrificing. Pettus pushed out two home runs that helped in the run-getting.

"Curly" Clark and "Cyclone Joe" Williams hooked up in a pitchers' battle at Red Sox park, the Chicago Giants winning out in a redhot contest 4 to 0.

The Spaldings clinched the cellar championship yesterday at Red Sox park when Eddie Hahn's team beat them in a 5 to 1 game. The main reason for the defeat was inability to connect safely with "Wild Bill" Case, who held them to five scattered hits. Earl Johnson was the star of the game with a hit every time he faced Brosius.

Gunthers trimmed the Normals 5 to 0 in a fast game in which Mike Heckinger was the hero with a clean high fly that landed on the big bull back of third base that will draw him a check for \$50, the same as Fred Bergmann did a couple of weeks ago. Al Schull starred in the hitting with four hits in five times up, his first appearance giving him a pass for a batting average of 1.000.

Foster Beats Gunthers

The Leland Giants defeated the Gunthers, 8 to 4, at Niesen's park Saturday. Foster was on the mound for the colored team, while Niesen was compelled to use his entire staff of twirlers.

Two colored teams, the Oklahoma Giants, champions of the Texas State league, and the Leland Giants, hooked up at Normal Park yesterday, the Lelands getting the long end of the score after a hard-fought game by a count of 3 to 1.

Hard Game for Eclipse Team

The MacCormacs, who will battle for the championship of the Mercantile league next Saturday, gave the Roseland Eclipse team the hardest-fought game they have had this season, Gene Vollmar's men winning out in the eleventh inning, 6 to 5. Bobby Mow brought victory to the home club in the eleventh session by scoring Bert Schwind with a double.

The Eclipse team fell victims to the Chicago Giants in the morning combat, 6 to 2.

The Oklahoma Giants, who arrived Saturday, made their debut at Seneca park yesterday morning and took the home team into camp by the score of 6 to 4.

The West Ends had an off day in their schedule on Saturday and Manager McNichols took his youngsters out to Roseland for a little outing, where the Eclipse entertained them with an exhibition of baseball. The home team, though, enjoyed the entertainment more than the visitors, for out of the dozen runs scored the West Ends had only two. Johnny Ryan, the promising young twirler of the coming Chicago league champions, got an awful bumping, the Eclipse team making fifteen hits off him.

Artiesians got sweet revenge on the White Rocks for their defeat earlier in the season, when they beat them 10 to 3. The visitors were handicapped by the absence of their star twirler, Goldrick, who

M'GRATH SETS NEW WORLD'S RECORD

New York A. C. Athlete Throws 56-Pound Weight 16 Feet, 6 1/4 Inches; C.A.A. Winner

HOW POINTS WERE SCORED

Chicago A. A. C.	41
Chicago Irish-American A. C.	21
New York Irish-American A. C.	15
New York A. C.	8
Illinois A. C.	7
Elmira A. C.	5
Unattached athletes	5
Hamilton Park A. A.	5
Paulists A. A.	4
Sherman Park A. A.	3

Chicago Athletic association athletes won the first annual outdoor track and field meet of the Chicago Irish-American Athletic club, held at the White Sox ball park yesterday, by scoring 41 points. The Irish-American A. C. of Chicago was second, with 21 points, while Martin Sheridan, Melvin Sheppard and John Flanagan, the only representatives of the New York Irish-American A. C., boosted their club to third place.

Matt McGrath, the one-man team representing the New York Athletic club of New York city, opened the eyes of 10,000 followers of track by breaking the world's record in throwing the 56-pound weight for height. His mark of 16 feet 6 1/4 inches raised the former record held by MacDonald of the New York Irish-American Athletic club by five inches.

Besides beraking the record, McGrath was the individual point winner of the day, his second place in the 28-pound stone throw giving him 8 points. He was closely seconded in the point honors by a dark horse, Una Raillo, whose big handicaps gave him first in the 300-yard run and third in the century dash.

Amour Wins Five-Mile Run

In the feature event of the programme, the five-mile handicap run, J. T. Amour of the Elmira club running from scratch won the race from a field of competitors who handicaps ranged from 40 to 180 yards.

The Cherry Circle relay team seemed in peril of losing its crown when it locked horns with the fleet-footed four gathered together by the Chicago Irish-American club. Relaney's pets were without the services of two of its stars, Lindberg and Waller. The team hardly expected a close run and "Speedy" Blair, who ran first, had his hands full to hold his own against McCarty. Hanley of the C. A. A. was pitted against Dwight and the half-mile ender with the men only a yard apart. Dodd, the third man up for the Irish, could not hold his own against Larson, who gave Backelman a margin of seven yards. Rosenweig was unable to close up the gap. The time was 3:38 4-5.

In the 100-yard dash it was necessary to run eleven heats before Dwyer of the C. A. A., with a handicap of five yards, was picked as the winner in a close finish with his teammate, Larson, who started from the same mark.

Handicap Too Big for Sheridan

Martin Sheridan, world's record holder in the discus throw, was unable to qualify in this event because of being handicapped too heavily. After the event had been decided Sheridan threw 140 feet 1/2 inch in an exhibition.

John Flanagan was an easy winner in the sixteen-pound hammer, with a mark of 174 feet 10 inches, which lacks ten feet of equalling the world's record, held by himself.

Melville Shepard of the New York Irish-American A. C. was an easy winner in the special 600-yard match race, in 1:16 2-5 just six seconds slower than the record held by himself and made in the east last week. Wallace of the I. A. C. gave him a hard race for 500 yards, but when Shepard let out he easily pulled away from the local runner.

In an exhibition contest in throwing the fifty-six-pound weight for distance Job RFlanagan threw the lead ball 39 feet, inches, which is a better mark than the record of 38 feet 8 inches, but which will not count as a record because it was not listed event.

The summaries:
100-Yard Dash (handicap)—Final heat—Won by Dwyer, C. A. A.; Larson, C. A. A.; second Raillo, unattached, third, Time, :10.
Running High Jump (handicap)—Won by Louis, C. A. A. (5 inches), 6 feet 2 inches; Degenhart, C. A. A. (1 inch), 6 feet 1 inch; second; Scheiner, C. A. A. (4 inches), 6 feet, third.
Discus Throw (handicap)—Won by A. J. Sheridan, C. I. A. A. C. (25 feet); Bachman, S. C. A. C. (25 feet); second; Byrd, C. A. A. C. (feet), third. Distance, 148 feet 8 1/2 inches.
220-Yard Low Hurdles—Won by Burgess, I. A. C. (5 yards); Haskins, C. A. A. (scratch), second; Case, I. A. C. (scratch), third. Time, :26 2-5.
Running Broad Jump (handicap)—Won by V. Camp, C. I. A. A. C. (1 foot 6 inches); Elswood, C. I. A. A. C. (1 foot 6 inches), second; Benson, O. P. A. C. (1 foot), third. Distance, 21 feet 10 inches.
300-Yard Run (handicap)—Won by Raillo, unattached (20 yards); Dodd, I. A. A. C. (20 yards), second; Rodgers, I. A. C. (20 yards) third. Time, :32 3-5.
Throwing 28-Pound Shot with Follow (scratch)—Won by M. Sheridan, N. Y. I. A. A. C.; M.
