You might take Hearst matter up direct with him. The only way I would consider proposition would be to work direct under him. As a rule a man in the Hearst organization has too many bosses. Knowing my disposition as you do you can see that I would not prosper under those conditions. He should own a paper in Texas and needs a little spiz in Chicago on the Examiner. Sorry I have no New York due bills any kind this time. Wiring Levey to try and get something for you.
