

McG.

THE SECRETARY OF AGRICULTURE
WASHINGTON

March 29, 1920.

My dear Carter:

I have a clipping from your issue of March 21 and wish to thank you for the splendid space given to the Department of Agriculture.

I am exceedingly anxious to get before the people of the country full information regarding the remarkable results that have been secured by the Department through the expenditure of the funds provided for its support and also to bring about a better appreciation of the service which the men and women in the Department, in many cases at distinct sacrifices to themselves, are rendering to the Nation. In this I know that I shall have your sympathetic cooperation.

How are you? When are you coming this way? Will you give me the pleasure of seeing you?

I had hoped to attend the tournament this year but it looks hopeless just now.

Will expect to see you in New York at the A. N. P. A. meeting.

Yours very truly,

Secretary.

Mr. A. G. Carter,
Editor, Fort Worth Star-Telegram,
